FRIDAY THE LAST DAY OF CENSUS WORK

Enumerators in Seven Towns of This District Must Complete Duties Then.

SOME ALREADY REPORT

In seven towns of the 21st census district of Pennsylvania, of which Charles O. Frye of Charleroi is the supervisor, the enumerators must finish their work by Friday night. These towns are Washington, Monongahela, and Charleroi in Washington county, Butler, in Butler county, Beaver Falls and New Brighton in Beaver and New Castle in Lawrence.

The seven towns above mentioned were the only ones in the district which at the time of the last census had more than 5,000 population, and according to law, the work of taking the census must be finished within two weeks after it is started.

Five enumerators have already finished, three in New Castle, one in Butler and one in Monongahela A month is given for the work in rural districts and boroughs having less than 5,000 population. Census Supervisor Frye states that his force have not had much trouble in reading the daily reports made by enumerators.

"The County Fair" Better Than Even Barnum's Circus

Step right this way, ladies and gentlemen, and procure your tickets for the big show. Positively the greatest and most varied of marvelous attractions ever exhibited in this city. See the Queen of the Snake Charmers in her wild, weird and wonderful performance. Don't miss seeing Captain Corralal from Coloroldorado, in his collossal and captivating caricature of the Crescents Witness the mirth-making and magnificent manner of Miss Mercury in her $10,000 specialty entitled, Mystifying the Mystics. Watch out for Reuben Glue and his side-partner, Jerusha Simpkinson.

Its great—the farmers, the fakers, the barkers, the old maids, the widows, the gold brick men, the city folks, the bride and groom, the side show man, "Farmer" chorus, all the songs, all the choruses, the flobby, flappy, flippity, floppity, hippity potamus, the wild man, the magician, the bearded woman, the snake charmer, the fire eater, the strong man, Maud, the Jersey Lily, the fat lady, the Joe Joe, dog faced man, the famous limber jack contortionist, Siamese twins, Barnum's jumbo and baby elephant brought to life, the fancy chickens, prize pumpkins, turkeys, ducks, cows, calves, horses, races, wheels of fortune, slot machines and other things too numerous to mention. All these and more too at "Washington County Fair," Turner Hall, Thursday and Friday evenings, April 28 and 29.

Called to St. Louis.

Rev. E. A. Cole, pastor of the Christian church of Washington, has accepted a call from the First Christian church of St. Louis. The Washington Chritsian church is said to be one of the strongest congregations in the Christian denomination, and was founded by Alexander Campbell, one of the fathers of the creed.

Chinaman Not So Well Today

Pneumonia Now Feared, and If It Sets in Chances are Greatly Lessened.

William Yee Yek, the Chinaman who was shot on Saturday night by Frank Morgan, the bell boy and porter of the Hotel Wilbur, is not so well as he was yesterday, according to Dr. J. K. Smith who is attending him. There is danger of pneumonia setting in now, and if it does it will go hard with Yee Yek. From his present condition it is hard to tell just what may follow. Last night the victim had somewhat of a relapse, and it was freely reported that he could not live.

WAGES ARE ADVANCED

Tin Mill Employes of U. S. Steel Corporation Get Good Raise.

Notices have been posted in the Monessen tin plate mill of the U. S. Steel corporation to the effect that on May 1 a general raise of wages will take place.

Under the new scale, the rates per ton for standard thirty gauge will be: Rollers, $3.32; doubler, $2.13; heater, $2.22; catcher, $1.10; screw boy, 72 cents, and shearman, 41 cents. A substantial increase was given the tinners and risers of the tinning department and to all intermediate positons throughout the mill, including common labor.

Has More Trained Animals Than Any Other Show on Road

The herd of trained horses which comes to Charleroi Monday, May 9, is but one of the big trained animal features offered by the Adam Forepaugh and Sells Bros. circus this season. Capt. Webb's two troupes of trained seals and sea lions and three herds of the best trained elephants in the world are also features that are nothing short of wonderful. A company of trained dogs performs with the elephants, appearing with them in the rings. At one time the fifteen elephants form themselves into three big pyramids. The elephants at the top are at least twenty feet from the ground. Fifteen dogs mount the trunks of the elephants and are lifted high in the air. There they sit, complacently, with tails wagging.

In all there are thirty members of the seal troupes. As jugglers, acrobats, gymnasts and balancers no man has ever lived who can equal them in skill or versatility. They play tennis, using their fins for raquets; they juggle flaming brands, with absolute exactness, never missing; they toll balls of all sizes high in the air and catch them on their noses: they play on musical instruments, skip the rope, walk tight wires, ride horses and discharge fire arms.

This circus has more real trained animals than any two other shows. There are pigs who make people believe they are dreaming, mules that try to excel each other and love applause, lions and tigers that do the bidding of a child, bears that have developed human instinct and skill, and ponies that originate their own tricks.

RAILWAY CO. IS GRANTED PRIVILEGES

Ordinances Passed Through Third Reading by Council.

COMPLAINTS FROM SEWER

Council at a brief meeting last night passed two ordinances, one vacating Lincoln avenue, near the northern extremity of the borough and the other allowing the Westside Street Railways company certain rights to construct tracks and to rearrange their service. The street car company in return for the privileges allowed by the borough have deeded a portion of ground on the west side of Lincoln avenue, for the purpose of giving room for changing its course and have made the changes desired.

Complaints were made of a sewer which it was said was stopped up, and causing trouble near Second street and Fallowfield avenue. The matter was placed in the hands of the street committee for investigation.

The matter of washing buggies on the street, from which practice several complaints have been entered, was placed in the hands of the police committee to look after.

In every other branch of arenic art this circus is equally attractive. Its new three-mile parade, million-dollar menangerie and entire new equipment from start to finsh, are the wonder of the circus world.

Autoists Must Toot Their Toot-Toots In North Belle Vernon

Automobilists in North Belle Vernon, a little bit of a place in Westmoreland county, adjoining Belle Vernon in Fayette county, must hererafter beware, or they will run amuck, according to a law recently passed by the council of that place. Signs have been placed in the borough, which includes as nice a strip of good road as any automobilist could wish for, requiring autoists to blow their horns at every crossing, as well as calling attention to the speed limit.

Back to His Former Stamping Ground for Boxer Solly Stroup

Solly Stroup, the local boxer, who has been wintering here, left Monday afternoon for Alaska, his summer home. Stroup fought but one match, while in this section. That was in Pittsburg with Joe Getz, the affair being a draw. A match was booked for Charleroi, but owing to the fact that a paying crowd did not appear, it was called off.

Large Crowds See Roosevelt Hunting In African Wilds

Large crowds were in attendance at the Palace Theatre last night where the moving pictures of "Roosevelt in Africa" were presented. The two reels of scenes and incidents of the famous expedition gave a more realistic impression of the Dark Continent than one could gain from reading and descriptions. The pictures were produced by a London firm at great expense, and were presented in this country for the first time last week. Col. Roosevelt appears true to life, and the wild animals shown in their native lair are an education. The pictures will be shown again tonight.

The Victor Brewing company, of Jeannette, which, it is claimed, during the past year had agents in Charleroi and other valley towns illegally disposing of their product, has been granted a county license by the Westmoreland county courts, final decision having just been rendered. As a penalty for the brewery people's alleged illegalities, the court has imposed an edict restraining the company from disposing of its product for a period of thirty days, from May 1 to June 1. There are three valley agents, two from Dunlevy and one from Charleroi of the Victor Brewing company who are under bond to appear before the May grand jury, on a charge of illegal liquor selling.

List to be Used in Brigade Competitive Drill Sent to Captains.

LOCAL BOYS WORK HARD

Col. Coulter of the 10th Regiment, N. G. P., who, with members of his staff is too judge the competitive brigade drill to be held here on May 6, between the Charleroi Boys Brigade, and the Monongahela and Monessen Cadets, through his aid, Capt. Wade Kline, has sent to W. R. Gaut, of the committee arranging the affair a list of the drills to be used in the contest. Mr. Gaut has forwarded a copy of the drills to each captain so that no misunderstanding may exist as to what is expected of each. These are Capt. Newcomer of Monessen; Capt. Harry Landefeld of Monongahela; and Capt. R. Dale Jolliffe of Charleroi.

The Charleroi Brigade is hard at work preparing for the drill and is drilling often as favorable weather will permit. The drill will be for two prizes, and a supper, and a paper is being circulated now to secure money with which to defray the expenses of the supper. The prizes have been donated, one of which is a silver loving cup by the three Charleroi banks.

THINKS THAT HON. WILLIAM BERRY IS WRONG ON SOME STATEMENTS HE IS QUOTED AS MAKING IN SPEECH

"It is not within the power of humanity to discriminate in the question of who should be sold liquor over the bar and who should not," quoting the above words as printed in the Washington papers Monday morning, as emanating from Hon. W. A. Berry, Edward Callaghan of Charleroi, former member of the Legislature from Westmoreland this morning said: "If my ideas were engrafted into a law it would prove to Mr. Berry's satisfaction that humanity can and will eventually determine who shall or shall not be served with liquors over the bar. The elimiation of the licensed hotel would be a National calamity under our present conditions.

"I am willing to meet Mr. Berry any time in a friendly debate on this question. I have a high regard for Mr. Berry, and if my platform, which is now in the hands of the printer, will not be adopted at Allentown, I know of no one in the field I would rather support than Hon. W. A. Berry for Governor."

The platform spoken of is the one to be submitted to the Democratic State party for adoption at their convention.

OF CHARLEROI

Subject to the Decision of the Republican Voters of the Twenty-Fourth District at the Primaries June 4

What About It?

At the meeting of citizens and business men tonight will be decided whether or not the Fourth of July demonstration will be extended into a week's celebration for the edification of Charleroi and the advancement of its business interests. Since the Fourth of July celebration has been decided upon, the suggestion has been made, Why not have a week of it, the same as an Old Home Week, a Centennial, or a Booster Week, which other towns around us are having? The idea seems to be a good one, and so far as known, is meeting with favor. It is up to the citizens at the meeting tonight to take definite action.

In these days of strenuous endeavor, towns are made by the efforts of the people. They do not grow of their own accord, as in the past. It is the towns that are making a united effort and are doing the most to attract people from outside that are doing the business. It does not matter whether the town is large or small, the same methods win—in the small hamlets as well as in the cities. Charleroi is no longer so far in the lead of all her neighboring towns that she can afford to sit back while her neighbors are hustling. Our town is letting a big lot of trade get away from it, and unless it is regained we must fall to the rear in the march of progress. Everyone is interested in Charleroi's business standing, the merchants, the manufacturers, and the property holders. The business of the town makes real estate values. All the trade that is deflected cuts these values and returns from investments. Charleroi must fight for business supremacy, and now is a good time to begin.

An Education.

The exhibition of life motion pictures of scenes and incidents of Col. Roosevelt in Africa on exhibition at the Palace Theatre, is one of the triumphs of the moving picture machine. Those who witnessed this exhibition have a realistic impression of this most interesting expedition which no printed description nor half tone reproduction of photographs can portray. Here are shown the scenery, the people, the animals with all their natural associations, in action, just as actually happened, and the effect gives an entirely different impression.

The Roosevelt Pictures, as they are called, are an education. Never before were herds of giraffes, galloping over the veldts, shown in action to the public. Never were troupes of wild zebras, harte beasts, gnus, shown in their wild state. Never before were shown wild rhinoceroses, and hippopotomi, sporting in the waters. In addition to this were other wild beasts at large, birds, reptiles and insects, as well as scenes of camp life, the caravan on the march and the wild and natural scenery of the country. If the class in georgaphy of the public schools could have been present, they would have had more lasting impressions about Arfica than could have been learned from their text books. The pictures are on exhibition again tonight.

How About the Farmers?

On the assumption that his action might embarrass Congressman J. K. Tener, as well as get revenge for his own defeat for the renomination for Congress, F. E. Acheson has taken to knocking the Republican party through the columns of his paeprs, the Washington Observer and Reporter. Every prominent Republian as well as every policy of the party is assailed and opposed, and from the tone of his papers one has every reason to believe that they have accepted the policies of the Democratic party.

Incidentally Mr. Acheson is delivering some hard knocks against his county, particularly the farming element and wool growers. The former Congressman is particularly bitter against the late tariff revision bill, yet the wool growers of Washington are well satisfied with the schedules that protect the sheep raising industry of the county. The tariff on wool is one of the most prolific sources of argument by the opposition, but Mr. Acheson does not have the courage to come out and oppose this schedule in the face of the action of the Washington county wool growers who exerted their united efforts against any reduction of the duties. Mr. Acheson's opposition to the tariff is hostile to wool growing, and the farming and industrial interests of his county.

ELECTRIC SPARKS

Former Congressman Acheson can safely attack the primary elections without fear of retaliation as to methods employed under his regime. They didn't have any primaries then, as Mr. Acheson saved the county that expense and trouble by slating and nominating the candidates himself.

An ignorant foreigner, from just across the sea, who cannot read English much less speak, it is of absolutely no account, unless he has money to spend, to some Americans.

It's a fight from start to finish among some communities whether some noted men were born therein, while among the same communities, it's a fight for fear pepole will learn some fellows owe that part of the country as their birthplace.

They can have cotton frauds nowadays. We have seen many things palmed off as wool, when they were something else, but for cotton frauds—that takes the cake.

Charleroi Man Enters Plea of Guilty to Court

Harry Sphar of near Charlreoi, charged with aggravated assault and battery, was permitted to enter a plea of guilty to the court yesterday to the charge of simple assault and battery. Young Sphar attributed his trouble to too much drink. He had been at Charleroi, had been drinking, had some trouble with John Dessing and in the fuss hit the fellow with a pick handle. He promised the court to quit drinking and Judge McIlvaine especially cautioned him against his habit, which had brought him into trouble.

Good Advice For Boys.

Say, boys when your school days are over, and you're ready to start out in life, keep a lookout ahead for temptations, and arm yourself well for the strife; pay heed to the words of your mother, her counsels are truest and best, indulge not in guile, just wear a broad smile, and make not of life's duties a jest, as the years roll along you get homesick, then you dream of a home all your own and you seek out your life's dear companion—for home would be no home alone, perhaps you already have chosen—the house, maybe, also is planned, and if that is true, we congratulate you, Chi-Namel for new homes is grand. Chi-Namel varnish keeps new woodwork from looking old, and makes old woodwork look new. All colors at our store. Sold by T. P. Grant. 22

Stag Euchre.

Charleroi Council No. 1240 Royal Arcanum held a stag euchre in the P. H. C. Hall last night, the affair being a success. Playing began at eight o'clock.

Dr. and Mrs. C. E. McDermid left last week for New York State and from there will go to El Paso, Texas, where the doctor will locate. During his stay in Charleroi he built up a good practice, but the climate here was prejudicial to his health, and he was obliged to make a change. His many friends here wish him success in his new location.

It Cannot be Damaged.

Some people use adulterated varnish and always will. Others know the difference and use none but the pure all varnish kind.

Only the latter bears my labels. T. P. Grant carries it. Boiling water, soap, perfume or a hammer are powerless to make white spots on it.

If you own furniture, floors or anything varnishable you better investigate.

Nineteen Million Messages Every Day

THE Bell telephone habit is growing fast. Every day people find new uses, new possibilities of telephone service. Busy men depend upon it more and more.

So firmly established has the Bell telephone become in business and social affairs that little thought is taken of the vastness of the system and the completeness of the service.

The Bell plan has been to expend enormous sums in providing facilities, and then to educate the people to the use of these facilities. Do not neglect your telephone education.

BELL SYSTEM

To the Voters of Washington and Greene Counties:

I am not unmindful of the fact that the people of this country today demand of their public officials a high standard of service—that they want men to represent THEM. They are tired and disgusted with the system of politics which makes a man in public office entirely subservient to the dictates of a boss or a machine. They are unwilling longer to take a man for public office simply because he wears a certain party label. They demand the election of men to public office who as individuals possess the character to stand by them irrespective of any party affiliations, of any machine, and particularly of any interests.

The greatest public question today relates to the efficiency and integrity of administration. It is no one-section question, whether the people shall be imposed upon or not; it is an issue of justice and human rights everywhere that can be no more ignored than a conflagration. Recognizing this condition and being in sympathy myself with the desires of the people, I want to say to the voters, to you whom I ask for support, that if nominated and elected I WILL SERVE faithfully the interests of my constituents.

I submit my record in public, political and business life as a guarantee of this. I point to the fact as an evidence of my sympathy with the Progressive Movement for better things in politics and legislation, that I have always been opposed to machines and and to bosses. My whole political activity has been devoted to fighting this system of political domination. Everything I have secured has been by fighting against, rather than fighting for, machines and bosses. This is my record. It is known to the voters of this senatorial district and it is the best evidence I can give that in the future you will find me fighting a system of politics which does not represent the people directly.

If nominated and elected State Senator in this district I will go to Harrisburg free from all entangling alliances, political, corporate, or of any nature whatsoever. I will be free to give my attention and best endeavors to legislation which will be for the benefit of all classes, the farmer, the merchant, the miner, the laboring men of all classes, the man who earns his bread by the sweat of his brow, and also the man of capital.

I speak freely and openly on this question because I recognize the fact that the people today feel their responsibility and will not elect any man to office in whom they cannot trust their interests. I hope to not only follow the people in their efforts along this line, but as a representative in the highest legislative body in this Commonwealth and of the best constituency of the Commonwealth, to help to lead the people to a higher standard of legislation and governmental policy. I am a progressive Republican. I believe in the fundamental principles of that party and am in hearty sympathy with every movement which has for its object the raising of the standard of political morality and the enactment of legislation which will be honestly for the people's interests.

I am, very truly yours,

John W. Hallam.

CATARRHAL ASTHMA AND HAY FEVER

Tens of thousands of suffers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by a catarrhal condition, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in a case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Evansport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and if I could not get another bottle, I would not be without Hyomei for $50. I recommend it."

A complete Hoymei outfit including hard rubber pocket inhaler, costs $1.00 with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 50 cents at druggists everywhere and at Piper Bros. K8

FRIDAY THE LAST DAY OF CENSUS WORK

Enumerators in Seven Towns of This District Must Complete Duties Then.

SOME ALREADY REPORT

In seven towns of the 21st census district of Pennsylvania, of which Charles O. Frye of Charleroi is the supervisor, the enumerators must finish their work by Friday night. These towns are Washington, Monongahela, and Charleroi in Washington county, Butler, in Butler county, Beaver Falls and New Brighton in Beaver and New Castle in Lawrence.

The seven towns above mentioned were the only ones in the district which at the time of the last census had more than 5,000 population, and according to law, the work of taking the census must be finished within two weeks after it is started.

Five enumerators have already finished, three in New Castle, one in Butler and one in Monongahela A month is given for the work in rural districts and boroughs having less than 5,000 population. Census Supervisor Frye states that his force have not had much trouble in reading the daily reports made by enumerators.

"The County Fair" Better Than Even Barnum's Circus

Step right this way, ladies and gentlemen, and procure your tickets for the big show. Positively the greatest and most varied of marvelous attractions ever exhibited in this city. See the Queen of the Snake Charmers in her wild, weird and wonderful performance. Don't miss seeing Captain Corralal from Coloroldorado, in his collossal and captivating caricature of the Crescents. Witness the mirth-making and magnificent manner of Miss Mercury in her $10,000 specialty entitled, Mystifying the Mystics. Watch out for Reuben Glue and his side-partner, Jerusha Simpkinson.

Its great—the farmers, the fakers, the barkers, the old maids, the widows, the gold brick men, the city folks, the bride and groom, the side show man, "Farmer" chorus, all the songs, all the choruses, the flobby, flappy, flippity, floppity, hippity potamus, the wild man, the magician, the bearded woman, the snake charmer, the fire eater, the strong man, Maud, the Jersey Lily, the fat lady, the Joe Joe, dog faced man, the famous limber jack contortionist, Siamese twins, Barnum's jumbo and baby elephant brought to life, the fancy chickens, prize pumpkins, turkeys, ducks, cows, calves, horses, races, wheels of fortune, slot machines and other things too numerous to mention. All these and more too at "Washington County Fair," Turner Hall, Thursday and Friday evenings, April 28 and 29.

Called to St. Louis.

Rev. E. A. Cole, pastor of the Christian church of Washington, has accepted a call from the First Christian church of St. Louis. The Washington Chritsian church is said to be one of the strongest congregations in the Christian denomination, and was founded by Alexander Campbell, one of the fathers of the creed.

Chinaman Not So Well Today

Pneumonia Now Feared, and If It Sets in Chances are Greatly Lessened.

William Yee Yek, the Chinaman who was shot on Saturday night by Frank Morgan, the bell boy and porter of the Hotel Wilbur, is not so well as he was yesterday, according to Dr. J. K. Smith who is attending him. There is danger of pneumonia setting in now, and if it does it will go hard with Yee Yek. From his present condition it is hard to tell just what may follow. Last night the victim had somewhat of a relapse, and it was freely reported that he could not live.

WAGES ARE ADVANCED

Tin Mill Employes of U. S. Steel Corporation Get Good Raise.

Notices have been posted in the Monessen tin plate mill of the U. S. Steel corporation to the effect that on May 1 a general raise of wages will take place.

Under the new scale, the rates per ton for standard thirty gauge will be: Rollers, $3.32; doubler, $2.13; heater, $2.22; catcher, $1.10; screw boy, 72 cents, and shearman, 41 cents. A substantial increase was given the tinners and risers of the tinning department and to all intermediate positons throughout the mill, including common labor.

Has More Trained Animals Than Any Other Show on Road

The herd of trained horses which comes to Charleroi Monday, May 9, is but one of the big trained animal features offered by the Adam Forepaugh and Sells Bros. circus this season. Capt. Webb's two troupes of trained seals and sea lions and three herds of the best trained elephants in the world are also features that are nothing short of wonderful. A company of trained dogs performs with the elephants, appearing with them in the rings. At one time the fifteen elephants form themselves into three big pyramids. The elephants at the top are at least twenty feet from the ground. Fifteen dogs mount the trunks of the elephants and are lifted high in the air. There they sit, complacently, with tails wagging.

In all there are thirty members of the seal troupes. As jugglers, acrobats, gymnasts and balancers no man has ever lived who can equal them in skill or versatility. They play tennis, using their fins for raquets; they juggle flaming brands, with absolute exactness, never missing; they toll balls of all sizes high in the air and catch them on their noses; they play on musical instruments, skip the rope, walk tight wires, ride horses and discharge fire arms.

This circus has more real trained animals than any two other shows. There are pigs who make people believe they are dreaming, mules that try to excel each other and love applause, lions and tigers that do the bidding of a child, bears that have developed human instinct and skill, and ponies that originate their own tricks.

RAILWAY CO. IS GRANTED PRIVILEGES

Ordinances Passed Through Third Reading by Council.

COMPLAINTS FROM SEWER

Council at a brief meeting last night passed two ordinances, one vacating Lincoln avenue, near the northern extremity of the borough and the other allowing the Westside Street Railways company certain rights to construct tracks and to rearrange their service. The street car company in return for the privileges allowed by the borough have deeded a portion of ground on the west side of Lincoln avenue, for the purpose of giving room for changing its course and have made the changes desired.

Complaints were made of a sewer which it was said was stopped up, and causing trouble near Second street and Fallowfield avenue. The matter was placed in the hands of the street committee for investigation.

The matter of washing buggies on the street, from which practice several complaints have been entered, was placed in the hands of the police committee to look after.

In every other branch of arenic art this circus is equally attractive. Its new three-mile parade, million-dollar menangerie and entire new equipment from start to finsh, are the wonder of the circus world.

Autoists Must Toot Their Toot-Toots In North Belle Vernon

Automobilists in North Belle Vernon, a little bit of a place in Westmoreland county, adjoining Belle Vernon in Fayette county, must hereafter beware, or they will run amuck, according to a law recently passed by the council of that place. Signs have been placed in the borough, which includes as nice a strip of good road as any automobilist could wish for, requiring autoists to blow their horns at every crossing, as well as calling attention to the speed limit.

Large Crowds See Roosevelt Hunting In African Wilds

Large crowds were in attendance at the Palace Theatre last night where the moving pictures of "Roosevelt in Africa" were presented. The two reels of scenes and incidents of the famous expedition gave a more realistic impression of the Dark Continent than one could gain from reading and descriptions. The pictures were produced by a London firm at great expense, and were presented in this country for the first time last week. Col. Roosevelt appears true to life, and the wild animals shown in their native lair are an education. The pictures will be shown again tonight.

Victor Brewing Company will Have to Suspend Businss for One Month.

The Victor Brewing company, of Jeannette, which, it is claimed, during the past year had agents in Charleroi and other valley towns illegally disposing of their product, has been granted a county license by the Westmoreland county courts, final decision having just been rendered. As a penalty for the brewery people's alleged illegalities, the court has imposed an edict restraining the company from disposing of its product for a period of thirty days, from May 1 to June 1. There are three valley agents, two from Dunlevy and one from Charleroi of the Victor Brewing company who are under bond to appear before the May grand jury, on a charge of illegal liquor selling.

Col. Coulter of the 10th Regiment, N. G. P., who, with members of his staff is too judge the competitive brigade drill to be held here on May 6, between the Charleroi Boys Brigade, and the Monongahela and Monessen Cadets, through his aid, Capt. Wade Kline, has sent to W. R. Gant, of the committee arranging the affair a list of the drills to be used in the contest. Mr. Gaut has forwarded a copy of the drills to each captain so that no misunderstanding may exist as to what is expected of each. These are Capt. Newcomer of Monessen; Capt. Harry Landefeld of Monongahela; and Capt. R. Dale Jolliffe of Charleroi.

The Charleroi Brigade is hard at work preparing for the drill and is drilling often as favorable weather will permit. The drill will be for two prizes, and a supper, and a paper is being circulated now to secure money with which to defray the expenses of the supper. The prizes have been donated, one of which is a silver loving cup by the three Charleroi banks.

Good Interest In Spite of Weather

THINKS THAT HON. WILLIAM BERRY IS WRONG ON SOME STATEMENTS HE IS QUOTED AS MAKING IN SPEECH

"It is not within the power of humanity to discriminate in the question of who should be sold liquor over the bar and who should not," quoting the above words as printed in the Washington papers Monday morning, as emanating from Hon. W. A. Berry, Edward Callaghan of Charleroi, former member of the Legislature from Westmoreland this morning said: "If my ideas were engrafted into a law it would prove to Mr. Berry's satisfaction that humanity can and will eventually determine who shall or shall not be served with liquors over the bar. The elimiation of the licensed hotel would be a National calamity under our present conditions.

"I am willing to meet Mr. Berry any time in a friendly debate on this question. I have a high regard for Mr. Berry, and if my platform, which is now in the hands of the printer, will not be adopted at Allentown, I know of no one in the field I would rather support than Hon. W. A. Berry for Governor."

The platform spoken of is the one to be submitted to the Democratic State party for adoption at their convention.

FOR CONGRESS

JOHN K. TENER

OF CHARLEROI

Subject to the Decision of the Republican Voters of the Twenty-Fourth District at the Primaries June 4

What About It?

At the meeting of citizens and business men tonight will be decided whether or not the Fourth of July demonstration will be extended into a week's celebration for the edification of Charleroi and the advancement of its business interests. Since the Fourth of July celebration has been decided upon, the suggestion has been made, Why not have a week of it, the same as an Old Home Week, a Centennial, or a Booster Week, which other towns around us are having? The idea seems to be a good one, and so far as known, is meeting with favor. It is up to the citizens at the meeting tonight to take definite action.

In these days of strenuous endeavor, towns are made by the efforts of the people. They do not grow of their own accord, as in the past. It is the towns that are making a united effort and are doing the most to attract people from outside that are doing the business. It does not matter whether the town is large or small, the same methods win—in the small hamlets as well as in the cities. Charleroi is no longer so far in the lead of all her neighboring towns that she can afford to sit back while her neighbors are hustling. Our town is letting a big lot of trade get away from it, and unless it is regained we must fall to the rear in the march of progress. Everyone is interested in Charleroi's business standing, the merchants, the manufacturers, and the property holders. The business of the town makes real estate values. All the trade that is deflected cuts these values and returns from investments. Charleroi must fight for business supremacy, and now is a good time to begin.

An Education.

The exhibition of life motion pictures of scenes and incidents of Col. Roosevelt in Africa on exhibition at the Palace Theatre, is one of the triumphs of the moving picture machine. Those who witnessed this exhibition have a realistic impression of this most interesting expedition which no printed description nor half tone reproduction of photographs can portray. Here are shown the scenery, the people, the animals with all their natural associations, in action, just as actually happened, and the effect gives an entirely different impression.

The Roosevelt Pictures, as they are called, are an education. Never before were herds of giraffes, galloping over the veldts, shown in action to the public. Never were troupes of wild zebras, harte beasts, gnus, shown in their wild state. Never before were shown wild rhinoceroses, and hippopotomi, sporting in the waters. In addition to this were other wild beasts at large, birds, reptiles and insects, as well as scenes of camp life, the caravan on the march and the wild and natural scenery of the country. If the class in georgaphy of the public schools could have been present, they would have had more lasting impressions about Arfica than could have been learned from their text books. The pictures are on exhibition again tonight.

How About the Farmers?

On the assumption that his action might embarrass Congressman J. K. Tener, as well as get revenge for his own defeat for the renomination for Congress, F. E. Acheson has taken to knocking the Republican party through the columns of his paeprs, the Washington Observer and Reporter. Every prominent Republian as well as every policy of the party is assailed and opposed, and from the tone of his papers one has every reason to believe that they have accepted the policies of the Democratic party.

Incidentally Mr. Acheson is delivering some hard knocks against his county, particularly the farming element and wool growers. The former Congressman is particularly bitter against the late tariff revision bill, yet the wool growers of Washington are well satisfied with the schedules that protect the sheep raising industry of the county. The tariff on wool is one of the most prolific sources of argument by the opposition, but Mr. Acheson does not have the courage to come out and oppose this schedule in the face of the action of the Washington county wool growers who exerted their united efforts against any reduction of the duties. Mr. Acheson's opposition to the tariff is hostile to wool growing, and the farming and industrial interests of his county.

ELECTRIC SPARKS

Former Congressman Acheson can safely attack the primary elections without fear of retaliation as to methods employed under his regime. They didn't have any primaries then, as Mr. Acheson saved the county that expense and trouble by slating and nominating the candidates himself.

Charleroi Man Enters Plea of Guilty to Court

Harry Sphar of near Charlreoi, charged with aggravated assault and battery, was permitted to enter a plea of guilty to the court yesterday to the charge of simple assault and battery. Young Sphar attributed his trouble to too much drink. He had been at Charleroi, had been drinking, had some trouble with John Dessing and in the fuss hit the fellow with a pick handle. He promised the court to quit drinking and Judge McIlvaine especially cautioned him against his habit, which had brought him into trouble.

Good Advice For Boys.

Say, boys when your school days are over, and you're ready to start out in life, keep a lookout ahead for temptations, and arm yourself well for the strife; pay heed to the words of your mother, her counsels are truest and best, indulge not in guile, just wear a broad smile, and make not of life's duties a jest, as the years roll along you get homesick, then you dream of a home all your own and you seek out your life's dear companion—for home would be no home alone, perhaps you already have chosen—the house, maybe, also is planned, and if that is true, we congratulate you, Chi-Namel for new homes is grand. Chi-Namel varnish keeps new woodwork from looking old, and makes old woodwork look new. All colors at our store. Sold by T. P. Grant. 22

Stag Euchre.

Charleroi Council No. 1240 Royal Arcanum held a stag euchre in the P. H. C. Hall last night, the affair being a success. Playing began at eight o'clock.

Dr. and Mrs. C. E. McDermid left last week for New York State and from there will go to El Paso, Texas, where the doctor will locate. Doring his stay in Charleroi he built up a good practice, but the climate here was prejudicial to his health, and he was obliged to make a change. His many friends here wish him success in his new location.

It Cannot be Damaged.

Some people use adulterated varnish and always will. Others know the difference and use none but the pure all varnish kind.

Only the latter bears my labels. T. P. Grant carries it. Boiling water, soap, perfume or a hammer are powerless to make white spots on it.

If you own furniture, floors or anything varnishable you better investigate.

Nineteen Million Messages Every Day

THE Bell telephone habit is growing fast. Every day people find new uses, new possibilities of telephone service. Busy men depend upon it more and more.

So firmly established has the Bell telephone become in business and social affairs that little thought is taken of the vastness of the system and the completeness of the service.

The Bell plan has been to expend enormous sums in providing facilities, and then to educate the people to the use of these facilities. Do not neglect your telephone education.

BELL SYSTEM

To the Voters of Washington and Greene Counties:

I am not unmindful of the fact that the people of this country today demand of their public officials a high standard of service—that they want men to represent THEM. They are tired and disgusted with the system of politics which makes a man in public office entirely subservient to the dictates of a boss or a machine. They are unwilling longer to take a man for public office simply because he wears a certain party label. They demand the election of men to public office who as individuals possess the character to stand by them irrespective of any party affiliations, of any machine, and particularly of any interests.

The greatest public question today relates to the efficiency and integrity of administration. It is no one-section question, whether the people shall be imposed upon or not; it is an issue of justice and human rights everywhere that can be no more ignored than a conflagration. Recognizing this condition and being in sympathy myself with the desires of the people, I want to say to the voters, to you whom I ask for support, that if nominated and elected I WILL SERVE faithfully the interests of my constituents.

I submit my record in public, political and business life as a guarantee of this. I point to the fact as an evidence of my sympathy with the Progressive Movement for better things in politics and legislation, that I have always been opposed to machines and and to bosses. My whole political activity has been devoted to fighting this system of political domination. Everything I have secured has been by fighting against, rather than fighting for, machines and bosses. This is my record. It is known to the voters of this senatorial district and it is the best evidence I can give that in the future you will find me fighting a system of politics which does not represent the people directly.

If nominated and elected State Senator in this district I will go to Harrisburg free from all entangling alliances, political, corporate, or of any nature whatsoever. I will be free to give my attention and best endeavors to legislation which will be for the benefit of all classes, the farmer, the merchant, the miner, the laboring men of all classes, the man who earns his bread by the sweat of his brow, and also the man of capital.

I speak freely and openly on this question because I recognize the fact that the people today feel their responsibility and will not elect any man to office in whom they cannot trust their interests. I hope to not only follow the people in their efforts along this line, but as a representative in the highest legislative body in this Commonwealth and of the best constituency of the Commonwealth, to help to lead the people to a higher standard of legislation and governmental policy. I am a progressive Republican. I believe in the fundamental principles of that party and am in hearty sympathy with every movement which has for its object the raising of the standard of political morality and the enactment of legislation which will be honestly for the people's interests.

I am, very truly yours,

John W. Hallam.

CATARRHAL ASTHMA AND HAY FEVER

Tens of thousands of suffers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by a catarrhal condition, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in a case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Evansport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and if I could not get another bottle I would not be without Hyomei for $50. I recommend it."

A complete Hoymei outfit including hard rubber pocket inhaler, costs $1.00 with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 50 cents at druggists everywhere and at Piper Bros. K8

Does Your Backache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay.

Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

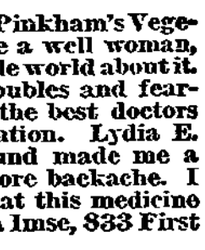
We ask all such women to read the two following letters for proof that Mrs. Pinkham's medicine cures backache caused by female diseases.

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world about it. "I suffered from female troubles and fearful pains in my back. I had the best doctors and they all advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I am ready to tell every one what this medicine has done for me."—Mrs. Emma Imse, 833 First St., Milwaukee, Wis.

Pittsburg, Pa.—"I had backache for four months steady and tried everything for it, but nothing helped me until I took Lydia E. Pinkham's Vegetable Compound. After the first bottle I felt a change. I took five in all and I am cured. I have not had any backache since. I think the Compound is wonderful for women."—Mrs. G. Leiser, 5219 Kinkaid St., E. E., Pittsburg, Pa.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it *has* done, not what we *think* it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for female ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.



For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Getting Sleepy on the Job.

There's a tired, drowsy feeling which comes o'er me at this season, and while I know it's springtime, yet I can't explain the reason, why I feel a strange reluctance to a ride out home tonight, for I know that house by this time must be in an awful plight. I don't know how wify stands it every spring and every fall, she certainly hasn't missed a single year that I recall. I guess I'll buy Chi-Namel—make all the floors like new. They'll clean house then in half the time, 'twill look much better too. "Housecleaning" loses its terrors for those whose floors, furniture and woodwork are coated with Chi-Namel varnish. It's smooth, hard, non-absorbent surface washes up like a piece of chinaware. Made in all colors. Stains and varnishes in one operation. Sold by T. P. Grant. 23

Quaker Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Brown LL.D.-F.R.S. of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.

Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food as Quaker Oats. The powers of endurance of the non-meat eaters were about eight times those of the meat eaters.

Sir James Crichton Browne says—eat more oatmeal, eat plenty of it and eat it frequently.

Buy it in the regular 10c package, or the large size family package at 25c.

THE ONLY WAY

Many Charleroi Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a questionn that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advnced years, with less vitality, suffer doubly. In youth or age, ianguor, backache, urinary irregualrity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Charleroi citizen and you will be convinced that this is so.

Mrs. George Ewing, 91 Shady avenue, Charleroi, Pa., says: "Doan's Kidney Pills have been in use in our family for some time with the best of results. We procure our supply at Piper Bros.' Drug Store, and it does not take this remedy long to dispose of any attack of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

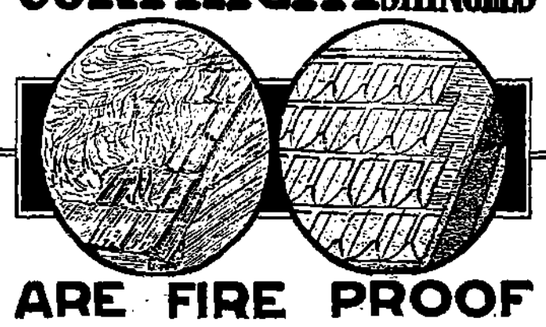
CORTRIGHT METAL SHINGLES



ARE FIRE PROOF

THEY will not burn. Will not split or curl like wood shingles. Will not crack and roll off like slate. Will not rip at the seams like plain tin. Neither will they rattle during high wind storms. They never need repairs and last as long as the building. And last of all, they make the handsomest roof and are not expensive.
